

FIREBALLIN'

Adegbalola 11/2013, Rev 01/2014

Well, my left eye was jumping
And my flesh began to crawl
You put the hoo-doo on me
Take it off with Fireball

My hand turnt blue and itchy
My head was going bald
'lectricity in my pocketbook
Take it off with Fireball

There was black cats in my bedroom
Black cats grinning in the hall
(They were) Shooting crap and playing tonk
Take 'em off with Fireball

Bridge: When I'm up against the wall
 I/You need some Fireball
 When my tears begin to fall
 I/You need some Fireball
 When my software won't install
 I/You need some Fireball
 When I need my ashes hauled
 I/You need some Fireball
 When I'm caught up in a brawl
 I/You need some Fireball
 When I'm shopping at the mall
 I/You need some Fireball
 When I'm no fun at all
 I/You need some Fireball
 Now I'm ten feet tall
 Cuz I'm full of Fireball

Chorus: When I get drunk
 Who's gon' carry me home 2x
 Well, I might be sober now
 But I won't be sober long

Got rid of yo' funky hoo-doo
No, I ain't scared at all
(Gonna) Fumigate and smudge this house
Got my Fireball

I'm ready to fight the devil
His army and navy will fall
Then I'll dance and shake, eat some jelly cake
Got my Fireball

Joy is my religion
Mirror, mirror on the wall

**All i see is a soul set free
Got my Fireball**
